

The 2nd Annual Health Research International Conference 2023 :
 Global Health & Medical Sciences: Research & Innovation towards Post-Covid Health Equity

ORAL PRESENTATIONS

July 19, 2023
**Room 2:
Atirek Na Thalang**

Time	ID	Presenter names	Topic
10.40-10.55	R2_OP1	Pattaranate Cheecharoen	Gender difference in the association between triglycerides-to-high-density lipoprotein cholesterol ratio and apolipoprotein B level.
10.55-11.10	R2_OP2	Kajornkiat Meneechai	Development and functional characterization of autologous-patient ex vivo human hematopoietic stem cell-derived T lymphocyte for off-the-shelf cancer immunotherapy
11.10-11.25	R2_OP3	Aye Nyein Phyu	Genomic Diversity of Mycobacterium tuberculosis in Mandalay region, Myanmar
11.25-11.40	R2_OP4	Jakrawadee Julamanee	The incorporation of CD40 co-stimulatory molecule into CD19.28z CAR confers the greater tumoricidal activity and T-cell persistence by modulating PD-1 expression
11.40-11.55	R2_OP5	Nilobon Jeanmard	Comparative protein profiling of urinary extracellular vesicles in stage-specific breast cancer patients: Pilot study
14.05-14.20	R2_OP6	Wannakorn Khopanalert	Target Antigen Binding of Glycine-Serine Linker Augments CD37CAR-T Performance
14.20-14.35	R2_OP7	Thanita Sanghan	A preliminary study on gyroscope-based gait characteristics between left-affected side and right-affected side stroke patients
14.35-14.50	R2_OP8	Bunyaporn Wuttiworawanit	The optimal distal screw length in distal radius plate fixation
14.50-15.05	R2_OP9	Qian Fu	Which populations are more vulnerable to public health measures during a pandemic? Analysis of longitudinal surveillance data of tuberculosis patients from 2017 to 2022 in Wuhan, China
15.05-15.20	R2_OP10	Waratchaya Tirasarvong	Digital image analysis of tumor pattern and histological models for prognostic evaluation in invasive non-mucinous adenocarcinoma of the lung

July 20, 2023

Time	ID	Presenter names	Topic
11.25-11.40	R2_OP11	Chayathorn Aramcharoen	Serum Sodium Level is Predictive for Kidney Injury or Hyponatremia after Modest-volume Paracentesis (<5L) to Release Ascites in Asian Cirrhotic Patients
11.40-11.55	R2_OP12	Roongnapa Intaruk	Discriminative ability on endurance impairment relating to hyperkyphosis using the block method
11.55-12.10	R2_OP13	Theerapat Buppodom	The correlation and accuracy of serum Interferon gamma inducible Protein 10 (IP-10) with Interferon Gamma Release Assays (IGRAs) in diagnosis of latent tuberculosis in health care workers
